Luanne Bennett : The Destiny Thief (The Fitheach Trilogy) (Volume 3) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Destiny Thief (The Fitheach Trilogy) (Volume 3):

0 of 0 people found the following review helpful. Entertaining readBy Frank J ArbanasI gave it four stars as I felt the the heroine could have been less of a tease and she made several decisions that were just plain foolish. Her stubbornness to address potentially dangerous situations without involving her entire group of comrades reflected a lack of maturity rather than bravery.The aforementioned fax pas, however, was minor in the grand scheme as the story's character development and timing served to make the series an enjoyable read.0 of 0 people found the following review helpful. Fantastic Trilogy!!!!By Marilyn SultarCould not put any of the books down!!! Even gave up some of my gaming time because of these books!!! Great story telling and magical. The characters are well drawn and will draw you to them! This is what fairy tales for adults ought to be!!!0 of 0 people found the following review helpful. 3 for the win!By DestanieLoved the series but I felt the ending was missing something I can't put my finger on. The books flowed really well and I fell in love with Greer but Alex ... Alex, she need to just let Jesus take the wheel. She makes everything so complicated and stupid when it doesn't need to be like that. Still love the series. Couldn't put the books down even for simple things i needed to get done. This series is a great read, if you're okay with the main female lead being a little difficult.

The stunning conclusion of The Fitheach Trilogy. A bargain has been struck, and a shattering decision must be made. The Destiny Thief picks up where The Blood Thief left us ndash; staring at the last page and asking . . . how? Alex Kelley and Greer Sinclair have become an inseparable pair, but the choice shersquo;ll have to make for the sake of love could destroy them both. Shersquo;s becoming a force to be reckoned with, making her even more desirable to those who want to control her and exploit her remarkable gifts, including her own family. From the streets of Manhattan to the ancient sites of Ireland, more revelations emerge, and the true nature of the people and the gods in Alexrsquo;s circle begin to unfold. The closing chapters of The Fitheach Trilogy will bring poignant or fitting conclusions for so many of the people she loves, and finally reveal the truth about the prophecy and the power of three witches in one.

About the AuthorLuanne Bennett is an author of fantasy and the supernatural. Born in Chicago, she lives in Georgia these days where she writes full time and doesnrsquo;t miss a thing about the cubicles and conference rooms of her old

life. When she isn't writing or dreaming up new stories, she's usually cooking or tending a herd of felines and basset hounds. Look for her new series debuting in 2017. Visit her at www.luannebennett.com or on Twitter @luanne_bennett.
